## I BELIEVE

*I BELIEVE* God has many faces; just look in the mirror and blink.

*I BELIEVE* we are the way we care.

*I BELIEVE* we are both separate and connected.

*I BELIEVE* we are responsible for our words and actions.

*I BELIEVE* love is an action.

*I BELIEVE* language creates experience.

*I BELIEVE* we must guard against the death of imagination.

*I BELIEVE* your feelings, thoughts, and perceptions are legitimate simple because they are yours and because they exist.

*I BELIEVE* there are spiritual beings that guide me towards my highest potential.

*I BELIEVE* when we die we take with us two things:

**LOVE AND KNOWLEDGE**
